

# THE 68<sup>TH</sup> MONACO GRAND PRIX

13 - 16 MAY 2010

## SHANGRI LA TERRACE HOSPITALITY – THE BEST VIEW IN MONACO

*“The atmosphere on the qualifying and race days was topped only by the views across Monte Carlo’s Harbour and the great track coverage we had from the Shangri La Terrace.”*

Paragon Sports Management is proud to offer VIP terrace hospitality in the luxurious Shangri La apartment building overlooking Monaco’s starting grid. The view below is an incredible panorama, with about 60% of the circuit and the whole of Monte Carlo Harbour in view. In our opinion this is the single best view of the racing in Monaco.

Guests enjoy incredible gourmet French cuisine and a complimentary bar while seeing the cars roar down to Ste Devote and then up the hill towards the Hotel de Paris. While they’re out of sight around Casino Square, guests watch their progress on the giant screen directly opposite the terrace, before seeing them live again as they emerge from Loews Tunnel and charge along the harbour-side down to Tabac to negotiate the swimming-pool turns. The pit lanes briefly obscure them at Rascasse until they reappear to hit the home straight and pass directly beneath the terrace.
